MEDIA ALERT

Young Women's College Prep Hosts Grand Opening

New location will provide improved facilities and greater opportunity for student involvement and success

WHAT: Young Women's College Prep Charter School will host a **grand opening celebration** of its larger, better-equipped school in Greece. Families, staff and prospective students will celebrate the opportunities and advancements the new school provides.

Principal Toyia Wilson will discuss the increased opportunity for success that the new school provides, such as its new STEM education and advanced-placement programs. Attendees will participate in a student-led tour of the new school, showcasing the improved school facilities, including a full-sized gymnasium, locker rooms, advanced science labs, athletic fields, extracurricular space and individual lockers for every student.

Founded in 2012, Young Women's College Prep Charter School is the only all-girls charter school in the Rochester area. The move to a larger school allows the addition of more than 60 students, as well as an extra facility member for each department. About Young Women's College Prep

Young Women's College Prep Charter School of Rochester offers young women from the City of Rochester the opportunity to learn in a single-gender environment, free from stereotypes, where a strong focus is placed on preparation for college enrollment and graduation. High expectations and evidence of concrete results define the student's academic experience. Educators commit to, and thrive upon, sharing effective practices within and beyond the school building. YWCP partners with families and instills in each student a sense of community, responsibility and ethics.
